Maintenance Agreements

Argent offers an industry-leading service contract (Silver Contract). For only \$189.00 per system, you can obtain a contract that offers twice yearly system checks, priority scheduling, plus FREE LABOR and 10% discount on materials for all repairs.

Argent offers one-time tune up on a furnace or air-conditioning or a full-year Preventative Maintenance Program offering tune-ups, discounts on products and services and priority service. Currently the company is offering the following preventative maintenance programs:

Seasonal System Checks – even if you do not have a service agreement, Argent Heating and Cooling recommends seasonal system checks to ensure your systems are working properly before the height of the heating or cooling season. An efficient system can also result in lower heating or cooling bills. Contact us for a seasonal system check.

Silver Service Contract – this plan offers you planned maintenance, priority emergency service, free labor and a 10% discount on materials for all repairs.

- **Planned maintenance** – two maintenance calls a year, one each heating and cooling with the purpose of inspecting systems and advising of any needed repair to prevent breakdown and maintain efficiency during the height of either the cooling or heating season.

- **Priority emergency service** – Should you have a breakdown, our own dispatched service technicians will respond to your call as a priority service call. We service our Service Policy customers first.

- **Discount on Repairs** – When you become an Argent Silver Policy Holder, you are entitled to a 10% discount on replacement parts, plus FREE LABOR

Gold Service Contract -- this plan provides all the benefits of the Silver Plan plus it provides additional coverage on parts and materials.
